19th	Social	Presentation Night & Christmas Party	Neerlandia	Frank 9948 6688
DECEMBER				
	No Meetings			

Ride Grades

The Club has adopted the following ride grades for off road trail riding. This is the same grades used by DSMRA and found to be very helpful to riders who wish to partake in a ride. There are five grades and the expectation for each grade and the minimum type of bike required.

Touring Ride - Mostly open and relatively easy dirt roads. Rides will generally be of a longer distance but will often include some sight-seeing along the way. ([Dual sports bikes - particularly bikes such as Dominators; BMW off road XTZ etc](#))

Grade 1 - An easier dirt bike ride of mostly open fire trails for those with little or no dirt bike riding experience. May include a few obstacles but assistance will be provided if required. ([Trail Bike](#))

Grade 2 - Moderate trail ride for those with some trail riding experience. Possibly some tricky sections and natural obstacles. ([Trail or Enduro Bike](#))

Grade 3 - General trail ride for the competent rider with a well-maintained bike. May include single track, obstacles, river crossing harder hills etc. Carry all your own equipment and have your bike well prepared. ([Trail or Enduro Bike](#))

Grade 4 - Difficult and/or long ride recommended for experienced riders only. Carry all your own equipment and have your bike well prepared. Contact ride leader for details. ([Enduro Bike](#))
